

Langtang Helicopter Tour (2 Hr) Itinerary

Trip Overview

If you strongly desire to explore the glory of the Langtang Himalayan Range but need more time for a trek, we have the easiest option for you. The Langtang Helicopter Tour is the shortest heli ride to fulfill your wish of watching the Himalayas and touching the snow without spending days and physical exhaustion. This tour also takes you over the holy Gosaikunda Lake.

Orchid Tours and Travels brings to you this amazing heli trek to the Langtang region, which lets you step into the mountainous region, take a tour of the natural and local beauty, and be back in just two hours. It is especially best for those who want to travel to Langtang but do not have the guts to trek for many days.

One of the shortest yet thrilling flying experiences, this heli tour will brighten your eyes instantly. There's more. You can also get down and explore the region, visit the cheese factory, and seek blessings at the Kyanjin Gumpa before making your way to Kathmandu.

Tour Highlights

- Flying over the exquisite Langtang Himalayan Range and getting views of Mt. Langtang, Mt. Lirung, Lakpa Dorje, Ganesh Himal, and Yala Peak, to name a few.
- Bless the morning with a visit to Kyajin monastery and views of red rhododendrons and greenery.
- Interact with kind locals about their lifestyle and culture.
- Get an aerial view of Gosaikunda Lake.
- Visit the local cheese factory

Faqs

How many people can fit in a helicopter on the Langtang Tour?

The normal capacity of a helicopter embarking on the Langtang Tour is 5–6 passengers and a pilot. That said, the numbers can slightly vary, depending on the helicopter model, the weight of the passengers, and the baggage. It is smart to confirm the exact capacity with your tour operator before booking.

Why is the morning the best time for Langtang Heli Tour?

We suggest mornings because they often have calmer winds and clearer skies than other times of the day, which is best for a heli ride. A clear visibility of the sky creates a lesser chance of turbulence and gives passengers the best view of the mountains and the surroundings.

How much does a 2-hour Langtang Heli Tour cost?

One can normally expect to pay Rs. 33,000 to Rs. 47,000 for the package. But it all depends on the operator, the season you're traveling in, and certain inclusions in the package. Other than that, your personal expenses are not included in the package.
